

our **Operational**
VALUES

since the beginning
have created
our
trustworthy **REPUTATION**

Welcome to the new era of **TCP PROTECT**.

We continuously evolve, adopting new surface preparation techniques for anti-corrosion protection, aiming at the highest possible quality and focusing on the completion of customer satisfaction.

TCP PROTECT timeline

1992

Mr. **Elias Roussopoulos**, started his career in metal anticorrosive protection industry, as supervisor engineer, site manager and project manager.

2003

Mr. **Elias Roussopoulos**, decided to found his own company under the name **TECHNIPROTECT**.

Over the years, the company has earned a reputation in the industry for providing superior quality, excellent cooperation, and timely completion of projects according to the customer's needs using leading-edge technology.

2009

Mr. **Joseph Stamatopoulos** joined the company as a co-owner, taking over the key departments of contractual and financial project management, giving **TECHNIPROTECT** the ability to undertake and execute significantly larger volume of projects, both in Greece and abroad.

2010

The two owners decided to establish a new company under the name of **TCP PROTECT**, in order to expand their activities abroad, thus creating **TCP GROUP** with the vision to be a leading company in the field of fire and anticorrosive protection.

2013

- Expansion abroad with the establishment of **TCP PROTECT Cyprus LTD.**
- Acquisition of **PMC S.A.** under the management of Mr. **Kostas Grammenos**, aiming to serve customers in Northern Greece.
- Co-founding of **ISO PROTECT**, targeting the industrial insulation sector (hot & cold), aiming to be a leading company in the heavy industry market.

2021

Absorption of **ISO PROTECT**'s activities.

2024

Co-founding of **INNO CON S.A.**

We have a highly skilled workforce that is constantly trained in safety, quality and emerging technology.

In **TCP PROTECT** we have succeeded in building an excellent corporate reputation and becoming a leading company in the specialized services we offer.

Our services

INDUSTRIAL
INSULATION

HEAT SLEEVE TUBING FOR UNDERGROUND
PIPING NETWORKS

RHINO SHRINK WRAP

PASSIVE FIRE
PROTECTION

BELZONA
ULTRA SPECIALISED
PROTECTION MATERIALS

SURFACE
PREPARATION

ANTICORROSIVE
PROTECTION

EPOXY POLYURETHANE
PAINTS

PLATING

HEAT INSULATION SYSTEMS

MANAGING and EXECUTING projects of any complexity and size

Major product application certifications

- 2010** **AKZO NOBEL** with the technology of passive fire protection -new at that time - (PFP) of metal surfaces, with the product **CHARTER** (Intumescent based material) in Frankfurt, Germany.
- 2012** **LEIGHS** (Sherwin Williams) on the **M93** fire protection paint system
- 2015** **JOTUN** for its entire range of **PFP** (intumescent based material) products for the fire protection of metal surfaces against fires caused by hydrocarbons (pool and jet) as well as those caused by **cellulosic fibres**.
- 2018** **TIECHEMICALS** in the application of **PROTEGOL UR/EP Coatings** systems. .
- 2022** **PROMAT**, for its cementitious based material, for the fire protection of metal surfaces for fires caused by hydrocarbons (pool fire type only).
- 2023** **HEMPEL**, in all **PFP** products for hydrocarbon fire protection
- 2023** **PPG** for all **PFP** products (Intumescent based material), for fire protection of metallic surfaces against hydrocarbon fires (pool and jet) and those caused by **cellulosic fibres**.
- 2023** **BELZONA** for the application of **Vessel Lining** systems.
- 2023** **TECTO-STOPAQ** for the application of **STOPAQ** systems.
- 2024** **SEALFORLIFE** for the application of **Heat Shrinkable Technology** systems.

In order to enrich the knowledge and technical training of our already experienced staff, we strive for continuous development in the industry.

In **TCP PROTECT**, we also pay great attention to the latest developments in the industry in order to continuously certify our human resources in new and emerging technology.
